Spring Meetings

My project at a glance

Lidia Favaretto

**Integrating Life Cycle Assessment and Ecosystem
Services to (e)valuate the sustainability of
phytoremediation in urban settings**

My PhD results and methodologies: tips and tricks

Francesco Abbiati

**GSL extract extends yeast chronological aging,
inducing more efficient respiration**

Alessia Metallo

**Intracellular Ca²⁺ dynamics modulation by istaroxime in pulmonary
artery smooth muscle cells**

Laura Beretta

**Enhancing hit discovery in high-throughput screening through assay
optimization and interference mitigation**

Chair: Filippo Testa, Chiara Baioni
